

# PRODUCT PROFILE

## Zebra<sup>®</sup> Muscle<sup>™</sup> Coalescer Triple Action Coolant Cleaner

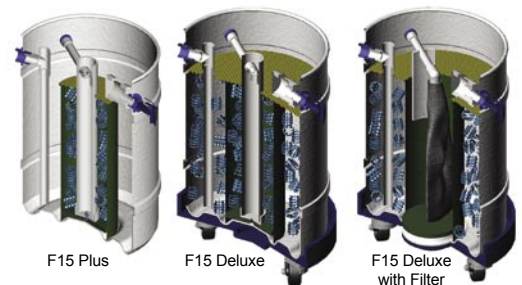

- Continuously cleans, filters, and aerates to prevent static sump rancidity
- Intake attachment options to suit almost any application
- Coalescing media increases surface area for faster separation
- Improved Internal Oil Discharge Skimmer (IODS) dispenses virtually coolant-free oil
- Oxygenator<sup>™</sup> aerates the barrel to prevent bacterial contamination
- Particle filtration option for sumps with coolant degrading chips
- Small, centrifugal pump fits in almost any sump (diaphragm pump options available)
- Leak-proof fittings keep your shop cleaner
- Durable hoses, w/customized length options, resist crimping and crushing
- Built-in siphon system empties the whole barrel in minutes
- One year warranty

\*The Deluxe w/Filter model is best for applications that benefit by chip removal (Al, Fe, Mg, and grinding). The Deluxe model is best for use on coolant blends containing more than 25% mineral oil (semi-synthetics and water soluble oils). The Plus model is best for blends containing less than 25% mineral oil (full synthetics and some semi-synthetics).  
 \*\*Ships w/5 100µ filter bags (5 or 50µ available upon request at time of order).  
 \*\*\*Can be ordered as an accessory for Plus models.

### Sectional Views of Models

**Coalescing is best achieved by starting with a fresh batch of coolant before tramp oils have the chance to emulsify into it.**

Please refer to the Technical Specifications & Parts data sheet for attachment selection and further details.
