ZEBRA SKIMMERS INTRODUCES NEW SUMPSTER DESIGNS

Cleveland, OH—Zebra Skimmers Corporation, a full-line manufacturer of oil skimmers and coolant maintenance equipment, recently introduced a new design for its Sumpster™ and Floating Sumpster™ skimmer intake attachments.

"The new and improved design enhances oil skimming from metalworking fluids and wash waters while used with Zebra or other brand coalescers or customized oil removal systems," reports Meg Grant, Inside Sales & Service.

Improved features include:

- Galvanized steel construction is heat resistant and rust resistant
- Improved flow door hinge allows for the most effective oil draw without capturing air
- Smaller footprint for easier installation
- The Floating Sumpster offered with plastic or stainless steel floats

Zebra Skimmers, the leader in coolant maintenance for over a decade, invents new technology to save its customers money on coolant while reducing waste, and sells and supports its equipment worldwide. Most products are guaranteed for at least a year, and some for life.
